INTRODUCTION

A sustainable future is made with love...

Pellianni came to life when I first became pregnant 2017. It got me thinking about how our environment affects our children. I wanted to make a better future for my son Valle and all other kids out there. I wanted to make sustainable products with a nice and gender-neutral design - without excluding pink and blue.

All our products are made with a purpose, inspired by Valle. I truly believe your children will enjoy them as much as he did. Find out more at www.pellianni.com.

With love
